

SHAPE CUT FINE SERIES CNC CUTTING MACHINE

Model	SHAPE CUT EASY SERIES
Rail Centre distance	4000 mm-9000 mm
Cutting Width	3000 mm -8000 mm
Rail Length	4000 to as per customer requirement
Actual cutting length	3200 to as per customer requirement
Drive system	Dual Drive
Drive motor	Servo motor
Type of cutting	Flame/Plasma/Flame & Plasma
Type of Rail	24,43 Kg /m rail depending upon width
Height Controller	Arc Voltage Height Controller along with plasma station
Torch Station & Elevator	Separate torch station & elevator for both flame & plasma
Drive Mechanism	Rack & pinion along with linear slide
Controller	2 axis controller/ Controller as per customer requirement
